

16TH INTERNATIONAL CONFERENCE ON STATISTICAL ANALYSIS OF TEXTUAL DATA (Naples, 06 - 08 July 2022)

06 JULY 2022

	08:30	REGISTRATION
	09:30	OFFICIAL OPENING
	10:00	PLENARY SESSION - KEYNOTE SPEAKER: MAX SILBERZTEIN (CHAIR: MARIO MONTELEONE)
	11:00	COFFEE BREAK
		SPECT01 AM1: TEXT MINING FOR HEALTH I (CHAIR: FRANCESCA GRECO)
Aula MAGNA	11:30-11:45	V. Biagioli, F. Greco, G. Spitaletta, A. Liburdi, O. Gawronski, R. Mascolo, R. Ricci, E. Tiozzo, E. Vellone, T. Grimaldi Capitello, M. Salata, M. Raponi and I. Dall'Oglio <i>Emotional Text-Mining in Pediatria: esplorazione del self-care nei bambini e nei giovani in condizioni croniche complesse</i>
	11:45-12:00	L. Piervisani, M. Figura, P. Arcadi, A. Durante, E. Vellone and R. Alvaro <i>Vocazione e professione: l'imperativo morale dell'infermiera italiana nel periodo fascista</i>
	12:00-12:15	D. Laricchiuta, A. Termine, C. Fabrizio, N. Passarello, F. Greco, F. Piras, E. Picerni, D. Cutuli, A. Marini, L. Mandolesi, G. Spalletta and L. Petrosini <i>The affecting meaning of words: multidimensional analysis of emotional communication</i>
	12:15-12:30	B. Cordella and A. Gennaro <i>Alla ricerca del benessere: le famiglie adottive</i>
	12:30-12:45	R. Ferri, V. Bua, M. Curia, A. D'Avack, A. Firetto, F. Mauro and F. Greco <i>Text Mining e Salute Organizzativa: il caso di Roma Capitale</i>
	12:45-13:00	Question time - Discussion
Aula A	11:30-11:45	A. Richeton, V. Lethier and M. Kastberg Sjoblom <i>La stabilité du cadre discursif du Ministère de l'Europe et des Affaires Etrangères à l'épreuve de la textométrie</i>
	11:45-12:00	S. Kasparian and J.-P. Jean <i>Univers de discours et mythes dans les contes cris : le recueil Cree Legends and Narratives: From the West Coast au prisme d'Iramuteq</i>
	12:00-12:15	C. Bouzereau <i>Complémentarité du quantitatif et du qualitatif pour l'analyse de données textuelles. Analyse du discours du Front National (2000-2017)</i>
	12:15-12:30	V. Deneux Le Barh <i>Du discours sur le travail avec les chevaux aux valeurs communes des professions anthropoéquines</i>
	12:30-12:45	D. Mayaffre <i>Contribution à l'histoire d'un concept: occurrences et cooccurrences de «souveraineté» dans les discours de Charles de Gaulle (1958-1969) et d'Emmanuel Macron (2017-2022)</i>
	12:45-13:00	Question time - Discussion
		SPECT02 AM1: DIMENSIONALITY REDUCTION FOR TEXT MINING (CHAIR: MARINA MARINO)
Aula B	11:30-11:45	R. Lombardo, M. Pascoli and N. Grandi <i>Text Mining and Variants of Correspondence Analysis for Analysing Written Italian of University students</i>
	11:45-12:00	L. Lebart <i>Poems and Songs. What can Textual Data Analysis do?</i>
	12:00-12:15	M. Freo and A. Luati <i>Lasso-based variable selection methods in text regression: the case of short texts</i>
	12:15-12:30	S. Diaf and F. Schütze <i>Estimating Uncertainty in Narrative Economics Using Latent Semantic Scaling</i>
	12:30-12:45	A. Sciandra <i>Dimensionality Reduction of Unstructured and Network Data for Stance Detection in Social Media Posts</i>
	12:45-13:00	Question time - Discussion
	13:00	LUNCH

SPECT03 | PM1: TEXT MINING FOR BUSINESS (CHAIR: ANDREA FRONZETTI COLLADON)

Aula MAGNA

- 14:30-14:45 L. Segneri, A. Fronzetti Colladon, C. Fabiani and A. L. Pisello
Text mining for socially responsible behavior: fostering the adoption of green technologies
- 14:45-15:00 L. Bellantuono
Complex networks and natural language processing to unfold the social enterprises environment
- 15:00-15:15 D. F. Iezzi and R. Monte
Sales forecast and electronic word of mouth: the power of feelings
- 15:15-15:30 C. Salvatore, S. Biffignandi and A. Bianchi
Assessing Corporate Social Responsibility Communication on Twitter: A Composite Indicator Approach
- 15:30-15:45 A. Delmonte and M. Farné
Evaluating customer satisfaction through amazon reviews analysis: the bluetooth earphones example
- 15:45-16:00 *Question time - Discussion*

CONTR02 | PM1: TEXTOMETRY (CHAIR: LUDOVIC LEBART)

Aula A

- 14:30-14:45 M. Pérès and J.-M. Leblanc
Réalité virtuelle : quels apports pour la visualisation en textométrie ?
- 14:45-15:00 M. Pengam, A. Jackiewicz and P. Marchand
Saisir par la textométrie la notion de radicalisation dans des corpus institutionnels hétérogènes
- 15:00-15:15 E. Née, V. Lethier and H. Dumoulin
Caractériser les logiques disciplinaires et institutionnelles dans les rapports d'autoévaluation grâce à la textométrie
- 15:15-15:30 B. Pincemin, S. Heiden and F. Mazuet
The textometric concept of active corpus. Illustration by an analysis scenario based on annotation then projection
- 15:30-15:45 P. Wavresky
Crise du Covid et ressenti des acteurs du secteur social et médico-social : une analyse textométrique de journaux de bord et d'entretiens
- 15:45-16:00 *Question time - Discussion*

CONTR03 | PM1: MULTILINGUAL CORPORA (CHAIR: RAMÓN ÁLVAREZ ESTEBAN)

Aula B

- 14:30-14:45 F. Greco, G. La Rocca and G. Boccia Arteri
Sentiment analysis dei corpora multilingua: La percezione pubblica del Covid-19 in Europa
- 14:45-15:00 M. Bendinelli
Looking for Multilingual Phraseology in Touristic Discourses: A textometric approach of Swiss touristic brochures
- 15:00-15:15 S. Diaf and R. Toumache
Cross-lingual Macroeconomic Narratives: Different Views Of The Same Problem ?
- 15:15-15:30 C. Maciel, D. Mayaïfre and L. Vanni
Corpus non alignés et ADT. Essai de comparaison entre les présidents français et brésiliens de l'ère contemporaine
- 15:30-15:45 J. Abasolo, N. Eguskiza and A. Iglesias
Validacion de lexico en lengua vasca mediante analisis lexicometrico de un corpus paralelo multilingüe
- 15:45-16:00 *Question time - Discussion*

16:00

COFFEE BREAK

CONTR04 | PM2: SOCIAL MEDIA MINING (CHAIR: D. FIOREDISTELLA IEZZI)

Aula MAGNA

- 16:30-16:45 A. M. D'Uggento, A. Biafora, C. Marin, F. Manca and M. Bilancia
Sentiment analysis of emotions in social media during the COVID-19 pandemic
- 16:45-17:00 A. Simonetti, N. D'Angelo and G. Adelfio
Marked Hawkes processes for Twitter data
- 17:00-17:15 F. Dragotto and M. Mastrangelo
La reputazione del servizio pubblico radiotelevisivo al tempo della crossmedialità. Il caso di "Detto fatto"
- 17:15-17:30 S. Acampa
A hybrid approach to opinion mining in Facebook's disinformative echo chambers
- 17:30-17:45 F. Greco, R. Gallo, A. Polli and F. Deriu
A comparison between machine learning and non-supervised techniques using the GP Index
- 17:45-18:00 *Question time - Discussion*

CONTR05 | PM2: STYLOMETRY AND AUTHORSHIP (CHAIR: ARJUNA TUZZI)

Aula A

- 16:30-16:45 S. Piron
Stylométrie des "Éléments de la grammaire française" de Lhomond (1780) ou comment Lhomond a supplanté ses concurrents
- 16:45-17:00 J. Byszuk and Q. Dombrowski
Stylometric investigations into translationese: The Baby-Sitters Club across languages
- 17:00-17:15 R. Čech, J. Mačutek, M. Kubát and M. Koščová
Does an author leave a syntactic footprint?

A1	17:15-17:30	M. Eder <i>Improving the performance of word frequencies in authorship attribution</i>
	17:30-17:45	A. J. Napolitano Jawerbaum and P. Juola <i>Co-authorship in Carmen Mola, a case study</i>
	17:45-18:00	<i>Question time - Discussion</i>

CONTR06 | PM2: TEXT ANALYSIS AND RESEARCH METHODS (CHAIR: ENRICA AMATURO)

Aula B	16:30-16:45	A. Gamuzza, F. Greco and A. M. Leonora <i>Text mining e analisi ermeneutica: il caso delle pratiche di volontariato internazionale</i>
	16:45-17:00	G. Luciano, M. Marino and R. Mazza <i>La firma digitale per i referendum: analisi della comunicazione in una prospettiva integrata</i>
	17:00-17:15	G. Chiara, D. Romaioli and A. Contarello <i>Rappresentazioni sociali della migrazione e dell'identità culturale in testi letterari di scrittrici e scrittori di origine africana</i>
	17:15-17:30	S. Capogna, G. Cecchini, M. C. De Angelis, F. Greco and E. Proietti <i>Analisi comparativa dei rapporti nazionali: il caso del Progetto Erasmus+ ECOLHE</i>
	17:30-17:45	F. Della Ratta and M. Ferritti <i>Gli insegnanti dopo l'anno della didattica a distanza - Teachers after the year of online school</i>
	17:45-18:00	<i>Question time - Discussion</i>

18:30

WELCOME COCKTAIL

07 JULY 2022

SPECT04 | AM1: TEXT MINING FOR HEALTH II (CHAIR: FRANCESCA GRECO)

Aula MAGNA	09:00-09:15	S. Monaco, A. Cortellino and M. Di Trani <i>Using Emotional Text Mining to explore the Spanish culture of Organ Donation</i>
	09:15-09:30	C. Barricelli, R. Cataldo, F. Iazzetta, G. Luciano, G. Punziano and B. Saracino <i>Three main dimensions in the construction of the expert during the Italian Covid-19 vaccination campaign: positional, reputational, and communicational spheres in comparison</i>
	09:30-09:45	V. Rizzoli, A. Azzoni, G. Rivellini and A. Tuzzi <i>Classificazione manuale vs automatica dei resoconti delle chiamate ricevute da Telefono Amico Italia (2016 -2020)</i>
	09:45-10:00	P. Belloni, M. Silan and G. Cuman <i>Fake news spreading and sentiment of Italians during the first COVID-19 lockdown</i>
	10:00-10:15	G. Sierra, J.-M. Torres-Moreno and M. Lorente Casafont <i>Exploration de contextes définitoires en français : cas d'étude sur la COVID-19</i>
	10:15-10:30	<i>Question time - Discussion</i>

CONTR07 | AM1: TEXT CLASSIFICATION (CHAIR: LUDOVIC LEBART)

Aula A	09:00-09:15	R. Alvarez Esteban and M. Bécue-Bertaut <i>Order constrained clustering with local stopping rules. Application in textual analysis</i>
	09:15-09:30	M. Bolpagni, M. Broglio, A. Innocenzi and T. Ulivieri <i>EMOTivo: a classifier for emotion detection of Italian texts trained on a self-labelled corpus</i>
	09:30-09:45	C. Dong, P. Gambette and C. Domingues <i>Classifying triggers of industrial pollution events</i>
	09:45-10:00	V. Basile <i>Towards Automatic Screening for Fibromyalgia in Italian Social Media Users</i>
	10:00-10:15	J. Moscarola, F. Laval and C. Mothe <i>Recherche Qualitative : Analyse lexicale et sémantique de grands corpus d'entretiens ou de documents</i>
	10:15-10:30	<i>Question time - Discussion</i>

CONTR08 | AM1: TEXT MINING AND ECONOMY (CHAIR: GERMANA SCEPI)

Aula B	09:00-09:15	E. Catanese, M. Bruno, M. Scannapieco and L. Valentino <i>The Italian Social Mood on Economy Index: recent methodological developments</i>
	09:15-09:30	M. E. Pontecorvo, B. Boschetto, F. della Ratta, F. Pintaldi and A. Sabbatini <i>"Altro specificare". Effetto del Covid-19 sulla codifica dei campi "altro" nell'indagine Istat sulle forze di lavoro</i>
	09:30-09:45	S. Fano and G. Toschi <i>The economy and the Web: RETI a regional economic twitter index</i>
	09:45-10:00	T. Kruszewski and J. Michalak <i>Dynamic and content of COVID-19 related tweets during early stage of pandemic</i>
	10:00-10:15	R. Cerqueti, V. Ficcadenti, G. Dhési and M. Ausloos <i>The Markovian stochastic structure of the text analysis-based rank-size laws</i>
	10:15-10:30	<i>Question time - Discussion</i>

	10:30	COFFEE BREAK
	11:00	PLENARY SESSION - KEYNOTE SPEAKER: STEFANO IACUS (CHAIR: D. FIOREDISTELLA IEZZI)
		CONTR09 AM2: ANALYSIS OF PRESS CORPORA (CHAIR: BÉNÉDICTE PINCEMIN)
Aula MAGNA	12:00-12:15	C. Montrichard <i>La posture énonciative d'un pastiche journalistique : étude textométrique comparant un journal de presse écrite d'opinion et un journal à visée humoristique</i>
	12:15-12:30	A. Dister, H. Naets and P. Watrin <i>Variations diachroniques et diatopiques des noms d'agent au féminin dans un corpus de presse</i>
	12:30-12:45	M. Chandelier and S. Diwersy <i>Analyse du profil combinatoire des expressions "biodiversité" et "diversité biologique" dans la presse écrite française : convergences et divergences</i>
	12:45-13:00	L. Escouflaire, C. Fairon and A. Descampe <i>L'évolution de la subjectivité linguistique dans le journalisme web du XXIe siècle : analyse d'un corpus belge francophone d'articles de 2010 à 2020</i>
	13:00-13:15	<i>Question time - Discussion</i>
		CONTR10 AM2: DEEP LEARNING FOR TEXT ANALYSIS (CHAIR: DAMON MAYAFFRE)
Aula A	12:00-12:15	V. Thon, L. Vanni and D. Longrée <i>Le deep learning auxiliaire de l'ADT dans le choix de textes à étiqueter en vue d'un corpus de comparaison : à propos de l'étude stylistique des lettres de Pierre Damien</i>
	12:15-12:30	F. Beghini <i>Stylométrie, ADT et deep learning. Une étude de cas sur la prose romanesque de Milan Kundera</i>
	12:30-12:45	A. Benkadjia, I. Biskri and N. Ghazzali <i>Hybride CNN-SVM : vers une meilleure classification des données manuscrites</i>
	12:45-13:00	L. Vanni, M. Guaresi and V. Magri <i>Convolution et marqueurs multidimensionnels. Description des représentations générées dans un corpus de films français.</i>
	13:00-13:15	<i>Question time - Discussion</i>
		CONTR11 AM2: CHRONOLOGICAL CORPORA (CHAIR: M. G. GRASSIA)
Aula B	12:00-12:15	I. Didirkova, S. Diwersy, C. Dodane, F. Hirsch and G. Luxardo <i>Oscillations ou Les temps de la crise sanitaire au prisme d'une série chronologique – une étude phono-textométrique</i>
	12:15-12:30	D. Pélissier and J. Bousquié <i>Le temps dans le discours, expérimentation d'un protocole d'observation des caractéristiques temporelles d'un corpus d'avis de salariés</i>
	12:30-12:45	F. P. Di Candia, N. Roberto and D. F. Iezzi <i>Italian Institutional communication in pandemic period: a chronological analysis of Prime Minister speeches</i>
	12:45-13:00	S. Santilli and S. Sbalchiero <i>The use of IRAMUTEQ for longitudinal analysis. A study on postgraduate course participants reflections</i>
	13:00-13:15	<i>Question time - Discussion</i>
	13:15	LUNCH
		SPECT05 PM1: NOOJ AND NLP RULE-BASED ENVIRONMENTS FOR TEXTUAL ANALYSIS (CHAIR: MARIO MONTELEONE)
Aula MAGNA	14:30-14:45	M. Bigey <i>Impact of the expression of feelings and emotions in fake news and their reception: Specific electronic dictionaries and automatic recognition with NooJ</i>
	14:45-15:00	M. Duran <i>Automatic retrieving of derived Quechua verbs</i>
	15:00-15:15	K. Kocijan and K. Šojat <i>Who is to Blame and Who is Responsible in Croatian Parliament: Linguistic approach</i>
	15:15-15:30	G. Bracco, M. De Martino and A. Laudanna <i>Semantic and morphological properties of gender assignment in Italian: distributional data on common nouns</i>
	15:30-15:45	A. Pamuksaç <i>Similarities and disparities among French modal verbs: analysis of verbal complements</i>
	15:45-16:00	<i>Question time - Discussion</i>
		SPECT06 PM1: NETWORK ANALYTICS AND TEXT MINING (CHAIR: ILARIA PRIMERANO)
Aula A	14:30-14:45	F. Santelli, D. De Stefano and R. G. D'Agata <i>The 'words' of no green pass communities on twitter. A two-mode semantic network analysis</i>
	14:45-15:00	R. Rondinelli, S. Marmani and V. Ficcadenti <i>An analysis of the Jesus' community in the Gospel of Matthew, Mark, Luke, John, and Acts of Apostles networks</i>
	15:00-15:15	M. Ferracci, G. Scepti, M. Spano and M. Misuraca <i>Nodi discorsivi e processi di progettazione condivisa: Milano e Torino</i>
	15:15-15:30	A. Fronzetti Colladon <i>Being known, being known for something and being good: A new textual measure of organizational reputation</i>
	15:30-15:45	E. Zavarrone, M. Friel and A. Forciniti <i>Exploratory textual network for Italian Third Mission</i>
	15:45-16:00	<i>Question time - Discussion</i>

CONTR12 | PM1: TOPIC MODELLING (CHAIR: MICHELANGELO MISURACA)

Aula B

- 14:30-14:45 M. G. Grassia, M. Marino, R. Mazza and A. Stavolo
Analysis of the public debate on DDL Zan on Twitter: an application of the Structural Topic Model
- 14:45-15:00 S. Laurita, R. Nicoletti, C. Origlia and A. Fortunato
Framing the presence of tourism policies in the Calabrian public agenda during Covid-19 crisis: analysis of online news from local newspapers using 3-wave datasets
- 15:00-15:15 M. Sciandra and A. Albano
A two-stage LDA algorithm for ranking induced topic readability
- 15:15-15:30 A. M. De Mascellis, M. G. Grassia and A. Stavolo
Topic modeling and sentiment analysis: an analysis of tweets about the game CyberPunk 2077
- 15:30-15:45 A. Belfiore, M. Spano, K. Mandenaki and W. Giordano
Exploring companies' communication strategies in the Covid-19 era
- 15:45-16:00 *Question time - Discussion*

16:00

COFFEE BREAK

CONTR13 | PM2: LEXICAL RESOURCES FOR TEXT MINING (CHAIR: DOMINIQUE LONGRÉE)

Aula MAGNA

- 16:30-16:45 G. De Gasperis, P. Pavone and S. Bolasco
La risorsa di Italiano Standard ad alta variabilità linguistica per misurare la peculiarità di un corpus
- 16:45-17:00 E. Zavarrone, A. Forciniti and M. Muscarello
SustDict: a customized lexical-based dictionary for CSR
- 17:00-17:15 L. Zhu, F. Issac, T. Ait El Mekki and O. Hü
Construction of an encyclopedic dictionary of tourism from scientific corpus
- 17:15-17:30 J. Abasolo, N. Eguskiza and A. Iglesias
Construcción de un léxico en lengua vasca para su utilización con el software IRaMuTeQ
- 17:30-17:45 M. Favaro and S. Montemagni
Trattamento automatico del linguaggio e varietà storiche di italiano: le sfide di TrAVaSI
- 17:45-18:00 *Question time - Discussion*

CONTR14 | PM2: TEXT ANALYSIS AND PSYCHOLOGY (CHAIR: GIUSEPPE GIORDANO)

Aula A

- 16:30-16:45 V. Rizzoli, L. S. Norton, A. Meneghini and M. Sarrica
How far is the risk? Detecting socio-psychological processes from consciousness to denial in social media exchanges
- 16:45-17:00 L. Orrù, J. Neri, M. Cuccarini, A. Iudici, N. Navarin and G. P. Turchi
Biographical change and Machine learning with MADIT: a predictive model proposal for data and intervention analysis
- 17:00-17:15 G. P. Turchi, L. Orrù, A. Trovò, C. Moro and N. Navarin
Introducing Dialogic Process Analysis in Natural Language Processing
- 17:15-17:30 L. Orrù, M. Cuccarini, C. Moro, M. Paita, D. Bassi, G. Da San Martino, N. Navarin and G. P. Turchi
From fake news identification to news persuasion level study: the application of a machine learning model with the M.A.D.I.T. methodology
- 17:30-17:45 V. Rizzoli, M. Trevisani and A. Tuzzi
Life-cycle of ideas in the Journal of Personality and Social Psychology: A history of US social psychology
- 17:45-18:00 *Question time - Discussion*

SPECT07 | PM2: INTEGRATED METHODS AND APPROACHES FOR INFORMATION EXTRACTION (CHAIR: FRANCESCA DELLA RATTA)

Aula B

- 16:30-16:45 A. Dniestrowski and L. Allard
The "Augmented" Historian
- 16:45-17:00 F. Gatti
Rehearsals of ideological placement on a corpus of parliamentary questions
- 17:00-17:15 C. Rossari, C. Montrichard, C. Ricci and L. Sanvido
How do connectors throw light on genres and vice versa?
- 17:15-17:30 T. Ait El Mekki, B. Grailles and T. Randriatsitohaina
Création d'une base de connaissances à partir des messageries spécialisées pour améliorer l'exploration et l'archivage des méls
- 17:30-17:45 D. Grbac
From meta-data to research-data. How to use text analysis techniques to do Information retrieval as a propaedeutic practice to Data literacy
- 17:45-18:00 *Question time - Discussion*

20:30

SOCIAL DINNER

08 JULY 2022

SPECT08 | AM1: QUANTITATIVE APPROACHES FOR SCIENCE MAPPING (CHAIR: MASSIMO ARIA)

MAGNA

- 09:00-09:15 A. Belfiore, A. Gnasso, C. Cuccurullo and M. Aria
AI and ML in accounting and finance: A bibliometric review
- 09:15-09:30 S. Mercurio
How much has been said about corruption? A text analytics method for literature review
- 09:30-09:45 D. Reymond, M. Durand-Barthez, H. Khouilla and S. Wolf
Retrouver l'inventeur-auteur : la levée d'homonymies d'auctorialité entre les brevets et les publications scientifiques

Aula	09:45-10:00	G. Giordano and M. C. Catone <i>Islands and structural holes for mapping topics in scientific field. An application to Social Research Methodology</i>
	10:00-10:15	R. Mattera, M. Misuraca, G. Scepi and M. Spano <i>Clustering of financial time series: a bibliometric analysis</i>
	10:15-10:30	<i>Question time - Discussion</i>
CONTR15 AM1: TEXTUAL ANALYSIS AND LANGUAGE LEARNING (CHAIR: MARIO MONTELEONE)		
Aula A	09:00-09:15	A. Briglia, M. Mucciardi and G. Pirrotta <i>The development of word frequency distribution in first language acquisition. An analysis on a spoken language corpus of French children</i>
	09:15-09:30	M. Rojas <i>Analyse contrastive interlangue des marqueurs discursifs en Français Langue Étrangère et en Français Langue Maternelle</i>
	09:30-09:45	R. Bourdages, R. Gagnon and D. Foucambert <i>Évaluation et description de récits oraux spontanés d'élèves du primaire : pour l'utilisation des méthodes mixtes en sciences de l'éducation</i>
	09:45-10:00	L. Rackova <i>Les erreurs interférentielles et le portfolio linguistique du locuteur</i>
	10:00-10:15	S. Ruggia and M. Rojas <i>Les marqueurs discursifs : étude comparative de leur utilisation chez les locuteurs francophones et dans les manuels de français langue étrangère</i>
	10:15-10:30	<i>Question time - Discussion</i>
CONTR16 AM1: AUTOMATIC METHODS FOR NLP (CHAIR: MARIA SPANO)		
Aula B	09:00-09:15	A. Tontodimamma, S. Anzani, V. Basile, M. Stranisci and L. Fontanella <i>Comparison of two annotation schemes to derive offensiveness scores in HurtLex</i>
	09:15-09:30	F. Greco, A. Polli and F. Siciliano <i>Leveraging Deep Learning models to assess the temporal validity of Emotional Text Mining procedures</i>
	09:30-09:45	D. Licari, M. F. Romano and G. Comandé <i>Automated anonymization of Italian legal documents using Deep Learning</i>
	09:45-10:00	M. F. Romano, G. De Gasperis, P. Pavone and S. Bolasco <i>Potenzialità di TaL TaC nella anonimizzazione di sentenze della magistratura</i>
	10:00-10:15	M. Aria, C. Cuccurullo, L. D'Aniello, M. Misuraca and M. Spano <i>Text Summarization of a scientific document: a comparison of extractive unsupervised methods</i>
	10:15-10:30	<i>Question time - Discussion</i>
10:30	COFFEE BREAK	
11:00	PLENARY SESSION - KEYNOTE SPEAKER: MANUEL COBO (CHAIR: MASSIMO ARIA)	
A MEMORY OF SIMONA - AWARD CEREMONY (CHAIR: VINCENZO ESPOSITO VINZI)		
12:00-12:45	Germana Scepi (President of VADISTAT Association), Giorgio Scala (President of Fondazione Saccone), Maria Spano (Chair of the Organising Committee JADT2022), Michelangelo Misuraca (Chair of the Program Committee JADT2022)	
12:45	OFFICIAL CLOSING	
13:00	LUNCH
